Jennifer McCarthy is a 4th generation, world class celebrity dog trainer who has done extensive work with wolves. Jennifer's expertise with dogs ranges from advanced obedience training & severe behavior problems to Schutzhund, personal protection, trick, agility training

and much more.

Jennifer is fresh off a trip to Gorongosa National Park, where she documented the re-introduction of species similar to that of the wolves in Yellowstone. Her work with wolf-dogs will be featured on an upcoming episode of "The Dog Whisperer," and she recently opened a new K-9 Ranch Training Center in Prescott, Az. in addition to her offices in Los Angeles, Las Vegas and Boulder.

We are thrilled to have Jennifer McCarthy for a special FREE (1st of 2) lecture & class series for anyone who has adopted a dog through the Yavapai Humane Society. The lecture includes simple problem solving techniques, education on dog behavior and a Q&A session. This is your opportunity to ask one of the very best in the industry about your canine companion. Come on out & we'll see you there!
